

Let's get healthy and save our environment together!

When your card is full why not have a treat? A lovely picnic, afternoon at the park or a splash at the local swimming pool!

Reducing the amount of cars on the road and around schools can save lives as well as the environment!

Each day that you travel to school on foot, by bicycle or scooter you can stamp/colour a flower until you fill up your card!

# Walk, Ride & Roll To School!
